Required Plans and Specifications (when applicable)

Scaled plans or dimensional sign details shall be submitted in duplicate with each application for a permit and contain the following information:

- (1) Drawing of sign indicating the sign message or copy.
- (2) Elevation plan of the building showing the proposed sign on the building, the length and height of the elevation, and any other existing signs on the elevation along with the dimensions of such signs.
- (3) Site plan indicating street frontage, property lines, sign visibility triangles, proposed and existing rights-of-way, location of sign on property, relationship of proposed sign to ingress and egress points, and relationship of proposed sign to any other signs within a fifty (50) foot spacing of the proposed sign.
- (4) Plans and specifications showing method of construction, method of attachment to the building or ground, size, type, height, construction materials, and such other information as the Building Official may require.
